Dear Sir or Madam,

REFERENCE LETTER

I am writing to recommend Mr. Ogunkayode Ayomide Matthew. He is the son of a very good friend of mine, Mr. Ogunkayode Sunkanmi, and he worked with me for one year on a number of businesses which I would elaborate on shortly. I work as a Manager of Golden Gist Luxury in the Ogbondoroko area of Kwara State where we provide services related to lodging, restaurant, laundry, and recreation center. I also own a personal real-estate business along with my duty as a manager where I work.

Ayomide was a responsible and hard-working employee when he worked with me. I was initially reluctant to work with him so as not to breach the relationship I have with his father but he soon proved to be a useful talent to have in the office. Although he primarily stayed in Lagos and had his education there, he visits Kwara State to celebrate Christmas holidays. My real-estate business also helped him secure the land on which he built his property here in Malete.

I was delighted when he told me he would be travelling to Canada for his education. I would like to work with him in a better capacity in the future when he is done with his studies and returns to the country.

You can reach me on +2348135696799 if you have any questions concerning him.
